Year-end cash: $241 million. Total debt: $310 million.
Segment revenue: Commercial satcom $612M; Defense avionics $318M; Aftermarket services $162M.

BACKLOG AND GUIDANCE
Firm backlog Dec 31, 2024: $1.48 billion; $620 million expected to convert in FY2025.
Project Horizon (USAF) remaining contract value: $410 million through 2028.
FY2025 revenue outlook: $1.20 billion to $1.26 billion. Target operating margin: 16.5% to 17.5%.

ITEM 1A - SELECTED RISKS
About 22% of commercial satcom shipments require ITAR/EAR licenses; a 90-day freeze could defer up to $48M quarterly revenue.
Single Taiwan foundry partner supplies Ka-band RF chipsets representing 35% of terminal BOM cost.
Project Horizon was 19% of FY2024 defense revenue; cancellation could cut FY2025 defense revenue by $70M to $85M.
